

# Introducing the New ACGME-I.org

ACGME International (ACGME-I) is excited to present its redesigned website. The site features an improved overall design and a modern look and feel to enhance the user experience. While most of the content has not changed, the navigation and placement of some of the content has. A few key navigational areas are highlighted to help users acclimate to the new design.

## 1. Utility Navigation

The navy blue bar across the top of the website allows for easy navigation to information about ACGME-I, including:

- **Contact Us:** Reach staff members who are happy to answer your accreditation-related questions.
- **Institution and Program Finder:** Access publicly available information about ACGME-I-accredited Sponsoring Institutions and programs.
- **Social Media:** Connect to the organization's X, LinkedIn, and Instagram accounts.

## 2. Main Navigation

- **What Is Accreditation:** Access information about the benefits of accreditation and accreditation process; find scholarly articles on the impact of ACGME-I accreditation.
- **Accreditation Process:** Learn about key components of the ACGME-I accreditation process; review the Milestones, and access other helpful resources.
- **Institutions:** Find information about institutional accreditation, applications, site visits, and more.
- **Specialties:** Access resources for each specialty and the associated subspecialties.

## 3. Specialties

The redesign process included a determined effort to enhance this section, focusing on improving navigation and access to content. Documents and resources are organized in an easy-to-find format with the following grouped by specialty or subspecialty:

- Program Requirements – Residencies/ Specialty Programs
- Program Requirements – Fellowships/ Subspecialty Programs (if applicable)
- Frequently Asked Questions (FAQs)
- Advanced Specialty Initial Accreditation Applications
- Advanced Specialty Continued Accreditation Applications
- Case Log Information (if applicable)
- Milestones
- Milestones 2.0

## 4. Latest from ACGME-I and Newsroom

Visit the Newsroom, which can also be accessed from the utility navigation, for ACGME-I news and updates. Featured articles appear in the “Latest from ACGME-I” section on the homepage.
